## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board and Citizens of Sullivan:

I herein submit my nineteenth annual report as superintendent of schools.

We are at war today. We must not underestimate the dangers to the heritage due our boys and girls, viz., the enjoyment of free speech, free religion and the ideals of a dynamic democracy. It is our duty to develop the true type of American citizen. Therefore, we must clarify our vision of objectives in American education and search out the roads that lead to these objectives.

From a psychoanalysis the three main thoroughfares that lead to our goal are (1) the intellectual which resting on the solid foundations of skills in our fundamentals must be enriched and extended; (2) the emotional feelings for the home, the parents, the schools and all American institutions must be strengthened; (3) the younger generation must be taught to choose wisely between success and failure, between right and wrong. Finally, may our boys and girls go forth from our schools imbued with a firm conviction that there is a God and that He will prevail over the warring nations of the world. This is our objective.

Never before in American history have boys and girls offered more challenges than today. They bid us to look forward, to the morrow. They bid us to exercise our greatest care and love for those around and about us. They bid us be strong, active and fearless, and practice moderation and consideration in our dealings with others.

Teachers, parents and citizens, the younger generation is looking to you for guidance through these trying times.

As the heavenly planets move majestically through a sky studded with stars and shedding their reflected light over the universe so you as leaders move among the boys and girls of this generation. Let the scintillations from your characters and teaching direct and guide them to a higher level of life.

This generation expects your strong moral and financial support. Let us give it.
